

Tugboat Annie's Pub is Open!

We are excited announce that the Pub is open for dine-in service. We want to share with you our re-opening plan, so that when you are ready, we can welcome you back!

As we re-open, the safety of our guests and staff is our number one priority. We are taking a measured approach to re-opening our dining area.

We are making every effort to adhere to and exceed Provincial Health and WorkSafe requirements and guidelines. Here's what we're doing to ensure the health and safety of our guests and people:

- We have provided our staff with comprehensive training and information to safeguard their health, as well as the health and safety of our guests.
- Our staff will not work if they have symptoms of any illness. Likewise, any guest showing symptoms of illness will be asked to return when they are symptom free and healthy.
- Our staff will follow strict handwashing and other hygiene protocols.
- Personal protective equipment will be made available to all staff, and will be utilized in situations where appropriate physical distancing is not possible.
- We have enhanced our standards of cleanliness and sanitation, including a frequent cleaning and disinfection of all high contact surfaces.
- We are currently operating at 50% of our normal capacity. Our seating area has been reconfigured to maintain social distancing of two meters, and we will seat a maximum of 6 guests per table.
- Hand Sanitizer will be available to guests.
- Single use recyclable food and beverage menus will be provided.
- Condiments have been removed from tables and are available upon request. Where possible, single use containers will be used. All other condiment containers will be sanitized after use, and prior to delivery to a new customer.
- Cutlery will be sanitized, and napkin wrapped before being brought to guests after they are seated.

We are looking forward to welcoming you back to Tugboat Annie's Pub!
